REACH Qualified Partner

Beirholms Væverier A/S
Nordager 20
6000-DK

Since the European chemical regulation, REACH Regulation (EU) No. 1907/2006, came into force on 1 June 2007 Beirholms Væverier A/S have worked actively on incorporating it in their day-to-day work.

Beirholm Væverier A/S have chosen to use Bureau Veritas Solutions Denmark A/S as their external consultant (REACH Qualified Partner) to make sure that they stay abreast of the obligations stated in REACH regulation.

Fundamentally, the purpose of REACH is to improve the knowledge of risks to humans and the environment in connection with the handling of chemical substances and products. As a consequence, hereof Beirholm Væverier A/S wish to increase the knowledge of the provisions which might minimise these risks.

To the best of our knowledge, based on Beirholms focus on REACH and their close cooperation with their suppliers, ensures that their products/articles comply with the REACH regulation.
